

Acceptance Letter

27th June 2022. Guayaquil, Ecuador.

Carlos Mera, Ph.D.

Professor of Software Engineering at ESPOL.

I, Andrea Maza Choez, with identification number (C.I.)
093016704-4, as Operations Chief of **HERMAPROVE S.A.** allow myself to state that I am satisfied with the advances and functionalities like the scheduling of orders done by the sales executive and the list and calendar views of events in the core module of the web application presented in the Sprint 1 of the CRONUS project. I certify that I validated the first version of the software in a meeting with the members of the team and that I have provided the necessary feedback to continue with the development of the solution.

Kind regards,
